2021 NOMINATION FOR HMS BOARD OF DIRECTORS

Name of Nominee: Allison King, CHMM

STATEMENT OF NOMINEE QUALIFICATIONS

The two defined qualification areas are excellence in science or profession, and outstanding service to IHMM or HMS. Additionally, provide the following information for materials.

1. Please describe below the reasons you think the nominee would make/be an asset as an HMS Board Member. Include anything that highlights the individual's qualifications, such as service on standards committees, volunteer service or leadership positions in other organizations, etc. Provide as much detail as needed.

We (the nominators) believe Allison should continue in her role as a board member of HMS because of her strong leadership skills, her business acumen, and her extensive experience working with IHMM and other non-profit professional organizations. She has a proven track record of accomplishment, meeting deadlines, and exceeding goals and targets. These accomplishments are outlined as excellence in her profession and outstanding service to IHMM and to HMS.

Most of all, she has the passion and commitment to the vision and mission which IHMM and HMS represent – the standards of professional care, the value of environmental, health and safety professional certification, and the value of IHMM's certificants. She knows how to work around obstacles and challenges, and to adapt to changing conditions. She also understands that emotional intelligence (EQ) is just as important as technical knowledge and good business practices. We believe her high EQ, and ability to collaborate with individuals from many different backgrounds and education levels within different types of organizations, will be big assets to help HMS continue to achieve and sustain success, and to manage positive change.

2. Please describe below what the nominee hopes to accomplish as an HMS Board Member. This could include policy or project proposals, leadership in certain areas, or other contributions the nominee wishes to make regarding the governance of the Institute. Provide as much detail as needed.

Allison is looking to continue IHMM's vision for building and sustaining HMS as a separate organization, with the goal of making HMS the leading organization for certified professionals in the fields of hazardous materials management and training, dangerous goods transportation, and health/safety management. With her strong background in direct sales and sales management, Allison will help direct HMS to move forward with continued outreach to IHMM's network of certificants. Additionally she will actively collaborate with other organizations and government entities that support IHMM certificants, and align her board activities with HMS's vision and mission to create a safer and more sustainable environment. She will continue to support IHMM as a credentialing organization by sustaining IHMM's current certificants, and welcoming new credentials to the IHMM family. IHMM is best positioned to become the strongest non-profit organization in support of environmental, health and safety professionals, and she appreciates the opportunity to be part of the effort to achieve this goal.

2021 NOMINATION FOR HMS BOARD OF DIRECTORS

Name of Nominee: Allison King, CHMM

3. With this form, please submit a **current resume** (five-page maximum).
See attached current resume for the nominee.
4. With this form, please provide a **short statement** regarding affiliations and any related obligations to other environmental organizations the nominee might have, if applicable. If none, indicate by “declaring none”.

Allison is a member of the following environmental organizations:

- *North Texas Corporate Recycling Alliance (NTCRA) - Board Member*
- *Women in the Environment – Treasurer, Board Director*
- *Society of Texas Environmental Professionals (STEP) – Dallas Chapter member*

These are local/state and NOT national organizations, and her participation in these organizations is not expected to adversely affect or interfere with her ability to serve as an HMS board member.

5. With this form, please submit a **half-page bio** summarizing job history and education. Also provide a **photograph** suitable for media release.

Photograph jpg file is attached to the application materials.

Allison graduated from Texas A&M University, and received a Bachelor of Business Administration (BBA) with an emphasis in chemistry and marketing. She has worked in the chemical and environmental industry sectors during her entire career. She obtained her CHMM credential in the early 1990s, and is a founding member of the Dallas-Fort Worth AHMP Chapter. She has held various high-level positions in the field of hazardous materials and waste management, including: Regional Business Manager for Environmental Services for a national chemical company, which included directing sales management, sales accounting, operations, customer service, transportation and logistics, and compliance oversight; Corporate Account Manager with an emphasis on the oil and gas segment; and, Vice President of Sales for a recycling services provider. She also owned her own private company that specialized in compliance plan development, along with services designed to assist with building business and forming sales plans. Allison has been recognized by IHMM as a Fellow of the Institute and a Distinguished Diplomate. She has also served in similar leadership positions on the executive boards of other national hazardous materials and environmental organizations, where she has supported hazardous waste management standards of professional care, and sustainable policies and practices, as well as directed management of change for development of new recommendations. Passed accomplishments include serving as waste management industry representative to the Oklahoma Council on Environmental Quality, and chairing her Local Emergency Planning Committee (LEPC). She has also received several business awards through former employers, including the CAER award, environmental excellence and stewardship awards, and USEPA Environmental Excellence Awards.

2021 NOMINATION FOR HMS BOARD OF DIRECTORS

Name of Nominee: Allison King, CHMM

6. HMS Diversity and Inclusion Policy.

The Hazardous Materials Society (HMS) values diversity in our members, volunteers, and staff. We strive for a culture of inclusion in our workplace and activities. As part of the global community, HMS will champion a culture of equity, diversity, and inclusion within the EHS profession. We welcome the participation of any and all individuals who help advance the mission of our organization. HMS is committed to assisting those who are other-abled. The Board Chairperson serves as the HMS ADA contact. Please contact Mr. Bob West, CHMM rawest@rawestassociates.com for more information.

Please email the completed nomination forms/submittals to Ms. Kendra Schroer, CHMM, HMS Nominating Committee Chair, at kendraschroer@hotmail.com.
