

December 23, 2021

Patricia Buley
Director of Certification and Accreditation, Headquarters
Institute of Hazardous Materials Management
9210 Corporate Blvd., Suite 470, Rockville, MD 20850, United States

Dear Ms. Buley,

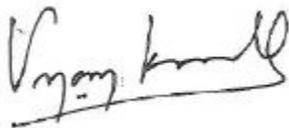

The Personnel Credentialing Accreditation Committee (PCAC) of the ANSI National Accreditation Board (ANAB) has reviewed the 2021 year 2 surveillance report and findings for Institute of Hazardous Materials Management (IHMM). PCAC confirmed the assessors' findings and voted via electronic ballot to grant continued accreditation under ISO/IEC 17024 for the following scopes:

- Certified Hazardous Materials Manager (CHMM)
- Certified Hazardous Materials Practitioner (CHMP)
- Certified Dangerous Goods Professional (CDGP)

On behalf of the ANSI National Accreditation Board, I would like to congratulate IHMM for achieving this significant accomplishment and demonstrating continued compliance with the standard. We look forward to a continued partnership.

If you have any questions about IHMM's accreditation under the ISO/IEC 17024 standard, please let me know.

Sincerely,

Dr. Vijay Krishna
Vice President, Credentialing
ANSI National Accreditation Board
