

Erika Winning

Erika is a graduate of Milwaukee School of Engineering with a Bachelor's of Science in Industrial Engineering. Prior to graduation, she passed her Engineer In Training- General Disciplines exam, and participated in a variety of lean, and cost reduction projects.

Erika holds her Certified Safety Professional (CSP), and Certified EHS Trainer (CIT) certifications through the Board of Certified Safety Professionals (BCSP). She is an Authorized OSHA Outreach Trainer for General Industry through DOL-OSHA. She also holds the Certified Hazardous Materials Manager (CHMM) credential from the Institute of Hazardous Materials Management (IHMM). She has also completed a RC14001 Lead Auditor course as well.

Erika has served in a variety of industries as a Safety Manager and has worked to show value in the organizations she's worked in by reducing worker's compensation claims, investigating incidents, and providing training on OSHA compliance topics. She strives to work in a cross-functional manner to build sustainable safety culture change.
