

Environmental and Occupational Safety Career Event

The Columbus State Community College **Sustainability Group** and the **STEM Club** are hosting an environmental and occupational safety career event at Columbus State Community College on **Monday, September 18, 2023**. The event will be held from **4:00 – 6:00 p.m. on the 4th floor of the Center for Workforce Development** on CSCC's downtown campus.

The event will promote the awareness of the many types of environmental and occupational safety careers in Ohio, and the education and/or certifications, licenses, etc. that may be beneficial to those in these fields. It is also meant to provide a connection among students, professionals and interested individuals with companies and organizations in the Central Ohio region. Information about each company/organization/college and possible employment (full-time, part-time, internships) may be shared with attendees.
