IHMM 2025 ADVERTISING PROSPECTUS

Founded in 1984, the **Institute of Hazardous Materials Management®** (IHMM®), is a not-for-profit organization. IHMM has been protecting the environment and the public's health, safety, and security through the creation of credentials recognizing professionals who have demonstrated a high level of knowledge, expertise, and excellence in the management of hazardous materials, dangerous goods transportation, environmental protection, health, and safety.

WHY ADVERTISE WITH IHMM?

Cost Effective

Advertising with IHMM and the IHMM Foundation is less expensive than mainstream media outlets, allowing you to get in front of customers and the people you want to do business with at much more affordable rates.

Credibility

Since 1984, our certificants and members have turned to IHMM and the IHMM Foundation as the informational authorities of the industry. Advertising in *IHMM Today* and *COLLABORATION* solidifies your place among daily and weekly information provided to our communities of practice.

Tailored Audience

With other mainstream advertising outlets, audiences are so broad which makes it impossible to build effective marketing campaigns that resonate with the end user. With IHMM advertising, your audience and our members are the same.

Niche Segment

Smaller, niche segments employ greater word of mouth and trust among its members—resulting in a level of confidence and assurance you'll get with no other mainstream advertising outlet.

Less Competitive Environment

With IHMM, you'll never worry about having to compete with mega brands for ad positioning. IHMM treats all companies who choose to advertise with us the same, no matter how large or small.
